About the area

Bordered by the Cascade Mountains and Puget Sound, Everett is one of Washington state's largest cities with many charming communities less than a 45-minute drive from Seattle.

With a thriving waterfront and downtown filled with bars, restaurants, theatre, street art, a huge sporting/events arena and some of the state's best vintage shopping, there's never a shortage of things to do or places to be on your time off.

Snohomish County is home to over one thousand farms, situating Everett nicely in the middle of the freshest produce you can find & tons of outdoor seasonal fun.

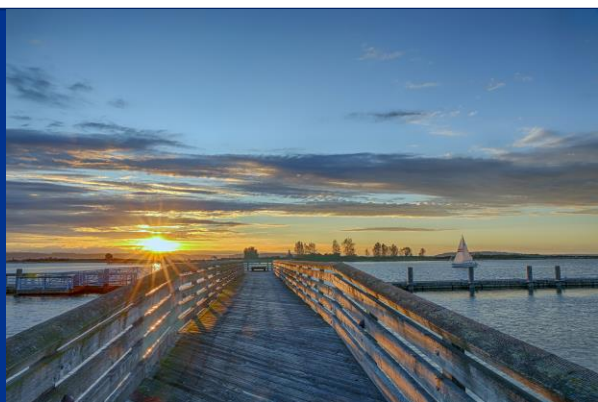

Everett is also friendly on the wallet - our nurses find housing and things to do for a fraction of what it would cost them in Seattle, while still being a large & vibrant city.
