- ▶ Blue Point of Service (POS)

All of the USP medical plans provide:

USP offers you a choice of two dental plans through Delta Dental:

- ▶ Orange Preferred Provider Organization (PPO)
- ▶ Blue Preferred Provider Organization (PPO)

Both dental plans cover preventive, basic and major services with the ability to see the dental provider of your choice. However, you will receive a higher level of coverage when you use network providers.

Vision

While USP's medical plans provide coverage for an eye exam every 24 months, USP also offers a nationwide vision care plan administered through VSP. ² Once an individual has reached the per-person deductible, the plan will begin to pay benefits for that individual. If the family deductible is met, the plan will begin to pay benefits for all covered dependents.

³ If you participate in the Orange PPO and see an out-of-network provider, the deductible also applies to preventive services.

⁴ Delta Dental pays a maximum benefit for all services per individual in each plan year. Once this maximum is reached, no further benefits are payable during the plan year.
